Seeking job opportunities to apply my academic knowledge. Thrives in collaborative environments and is always eager to learn, adapt, and grow. Ready to bring fresh perspectives and a passion for coding to a forward-thinking team.

TECHNICAL SKILLS

- Web Technologies: HTML5, CSS3, JavaScript, Bootstrap, Responsive Web Design
- Backend & Database: Core Java, PHP, MySQL (CRUD operations, Joins)
- Design Tools: Figma (UI/UX Design), Flexbox, CSS Grid
- Version Control & Collaboration: Git, GitHub, Team Collaboration.

CORE COMPETENCIES

- Attention to Detail
- · Problem-Solving
- Communication
- Teamwork
- Willingness to Learn
 Time Efficiency

CERTIFICATIONS

Java Full-Stack Development

Oct 2024 - 2025

Rooman Technologies

Completed an intensive training program focused on web development. Gained practical experience in full-stack development, including front-end technologies (HTML5, CSS3, JavaScript) and back-end technologies (Java, MySQL) through real-world projects.

Data Analysis Training Program

Nov 2024 - Jan 2025

ITC Infotech

Fulfilled a foundational program in data analysis. Designing interactive Power BI dashboards to visualize key business metrics and trends. Handling missing values, duplicates, and inconsistencies in large datasets using Excel. Utilizing Generative AI tools for data analysis, trend identification, and report automation.

PROJECT

Recruitment Management System

- Built a full-stack job portal with modules for admin, employers, and candidates. Features include job posting, profile creation, and application tracking.
- Developed using HTML5, CSS3, JavaScript, Bootstrap, PHP, and MySQL with CRUD operations, responsive design, and session-based authentication. Managed 50+ user records; version control via GitHub.

Art Gallery Website

- Designed a responsive and visually appealing website to showcase 25+ artworks across categorized galleries.
- Developed using HTML5, CSS3, and Bootstrap with a focus on UI/UX, mobile responsiveness, and clean layout.
- Integrated artist details and multimedia content. Concluded the project within 2 weeks using GitHub for code management

EDUCATION

Bachelor Of Computer Applications (BCA)

Government First Grade College, Vijayanagar

2022 - 2025

Bengaluru, India

2020 - 2022

Bengaluru, India

Pre-University Course (PUC) | [CEBA]

Government PU College, SRS Peenya

AREAS OF INTEREST

- AI (ARTIFICIAL INTELLIGENCE)
- ML (MACHINE LEARNING)
- Cloud Computing (AWS, Firebase, etc.)

EXTRACURRICULAR ACTIVITIES

 Participated in an industrial visit to ITC Infotech, gaining insights into corporate workflows.
